

Buy from PCS

A worker in a white shirt and green cap is operating a red pallet jack in a warehouse. The background shows high industrial shelving units filled with boxes. A sign on the top of the shelving unit reads "NO RIDERS".

PCS Wireless specializes in end-of-life and liquidated products.

Our business is built on long-term relationships with the world's leading manufacturers and their channel partners.

We source products directly from the global Fortune 1000 to create value for local channels and markets.

# Work directly with one of the world's largest distributors of mobile devices.

PCS Wireless is a privately held company which began operations in 2001. We are headquartered in Florham Park, NJ and serve 80+ countries directly.

Our commitment to operational excellence has inspired us to earn ISO 9001:2008, ISO 14001:2004, OHSAS 18001:2007 and R2:2013 certifications.

We specialize in the responsible and profitable re-distribution of new and pre-owned phones, tablets, accessories, and other wireless equipment. We have an established local presence in every major market and a global network of more than 2,500 active customers.

# We sell to a variety of channel partners and resellers

## Distributors

PCS Wireless sells mobile phones, tablets, laptops, PCs, gaming consoles and accessories in every major region of the world. Distributors and dealers choose us because of the variety of product we have in stock and the reliable quality of our products.

## Retailers

Retailers turn to PCS for high quality new and pre-owned equipment. We carry multiple technologies, including CDMA and GSM, and sell multiple generations of devices along with the latest in accessories. We are renowned for our fast shipping, reliable quality and responsive customer support.

## eTailers

Power sellers on the world's largest shopping websites like eBay and Amazon, as well as eTailers who sell on their own channels, come to PCS Wireless because we have product that is ready to ship today, reliable and competitively priced. We often pick, pack and ship on behalf of our eTailers, streamlining their sales cycle and helping reduce their cost of operations.

## MVNOs

Mobile Virtual Network Operators (MVNOs) source high quality CDMA and GSM products from PCS Wireless to sell to consumers for use on their hosted networks. MVNOs all over the world take advantage of our variety of competitively priced new and pre-owned smartphones and tablets.

## Operators & Carriers

Communication service providers all over the world seek value oriented options that will persuade customers to convert to smart devices. PCS Wireless sells high quality new and pre-owned devices to meet that need.

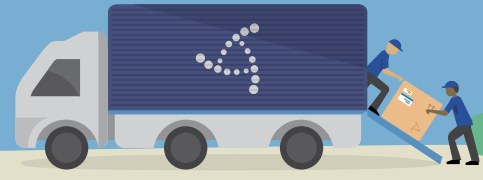

# We follow a 10 step quality control process

## Inbound

PCS Wireless will pick up the equipment from your facilities and transport it to its final destination.

### 1 Receive

We physically receive all equipment into PCS owned and operated facilities.

### 2 Serialize

Every device is serialized and tracked throughout the entire PCS supply chain.

### 3 Sanitize

First and foremost, all inventory is subjected to the highest standards of data sanitization.

### 4 Sort

All equipment is triaged and sorted based on specific criteria.

### 5 Test

Every piece of equipment is thoroughly tested to identify technical failure.

### 6 Grade

All equipment receives a final cosmetic grade for immediate resale.

### 7 Flash/Update

Each device is re-flashed with the appropriate software per customer specification.

### 8 Fulfill/Kit

All pre-owned functional or new device only equipment is fully re-kitted for re-sale.

### 9 Finished Goods

PCS Wireless maintains physical inventory of more than 200 SKUs across all product conditions and technologies.

### 10 Quality Control

Each piece of equipment sold by PCS Wireless is subjected to rigorous quality control and backed by the company's limited warranty.

## Outbound

PCS will pick, pack and ship credit approved orders on the same day they are received.

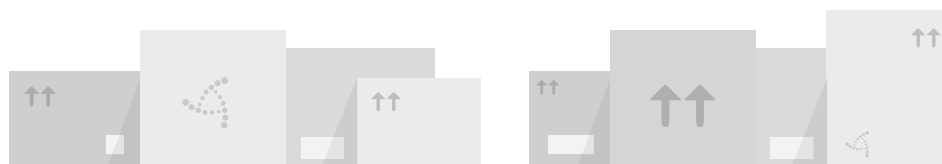

*“We specialize in real-time distribution. We have product in stock and we move at the speed of your business to help you capitalize on market opportunities.”*
